## Best Companies to Work For - #9

### THINK Together

- Headquarters: Santa Ana
- CEO: Randy Barth
- Web: [THINKtogether.org](http://THINKtogether.org)
- Employees: 1,700
- Product/Service: After-school programs for at-risk and low-income students.
- Best Benefit: The joy and satisfaction of knowing that every day the staff is making a difference in the lives of children

THINK is an acronym for Teaching Helping Inspiring Nurturing Kids, and that's exactly what the employees of the nonprofit are doing for 35,000 students at more than 200 sites in communities across a four-county region in Southern California.

Santa Ana-based THINK Together provides an academically oriented out-of-school program for underprivileged youth. It offers academic enrichment, homework assistance, dynamic physical activities and nutrition education to the students it serves.

Being a role model, helping future generations and inspiring children to succeed rank among the top benefits of working for THINK Together. Plus, the outcome-focused environment fosters growth, teamwork and service among the employees. And what could be more rewarding than that?
